Dear Sir / Madam,

Sub: Disclosure of Information under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements), Regulations 2015.

We are pleased to inform you that IRIS Business Services Limited has been selected by Accenture as the successful vendor for a significant regulatory technology engagement – the XBRL Project (Tender No. M/39/2024 – Data Collection Project for Data Management 2024), being undertaken for the Qatar Central Bank. The award is currently at the notification stage and is subject to the finalization and execution of a formal agreement, which will outline in detail the scope of work, deliverables, timelines, and commercial terms as agreed during the RFP process.

This project is part of a broader initiative by the Qatar Central Bank to enhance its regulatory data collection and supervision capabilities through the implementation of a modern data standards (particularly XBRL, eXtensible Business Reporting Language) based digital platform.

This engagement further strengthens IRIS's positioning as a leading global provider of SupTech & RegTech solutions and underlines our growing footprint in the Middle East. It also reaffirms the confidence global institutions place in our expertise in structured data and regulatory reporting.

We would like to clarify that this arrangement is in the normal course of business and does not fall within the ambit of material contracts or arrangements.
